

ACCENTS WOODTONES & PLANKS

September 9, 2014

Southeast Door Technologies offers 4 different colors in the *Accents Woodtones* and *Accents Planks* lines: Cedar, Dark Oak, Light Oak, and Mahogany. Since the *Accents* line began, a new process has been implemented with enhanced wood tone aspects as well as a slight color variation. This was done to give *Accents Woodtones* and *Accents Planks* lines a more natural look.

Please be advised that when choosing a color for these lines, an actual door sample should ultimately be used for color preference. While literature is a helpful tool, it **should not** be the only determining factor when choosing a color for these two *Accents* lines. If you need a color sample or literature please contact one of our helpful customer service representatives or stop by our showroom.
